

Implementation

The Broad Areas of Need

At Overley Hall School 'Breadth and Depth' is balanced through the Broad Areas of need. The 0-25 SEND Code of Practice (2015) identifies 'four broad areas of need and support' which include:

Communication and Intercation

Cognition and Learning

Social, Emotional and Mental Health

Sensory and Physical

The code of practice suggest that these areas allow schools to gain an overview of their pupils' range of needs and state,

"The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. In practice, individual children or young people often have needs that cut across all these areas and their needs may change over time..." (2015, chapter 6)
